ARROYO
VOLLEYBALL CLUB

Arroyo Volleyball Club Announces….

Arroyo Development Team

As an extension of our Development Clinic program we will be offering a Development Team for the 12, 14, and 16 age groups. This team will help fulfill our club mission of providing opportunities to develop their volleyball skills without being restricted by finances and time busy schedules. The Development team will practice once a week beginning in January and run for 10 weeks culminating with competing in an SCVA regional tournament in March.

This program will give student athletes an opportunity to improve their skills and experience a club tournament at a cost of less than 75% of normal club fees. It is also ideal for players that participate in other sports or activities.

The development team will have approximately 8 players on a team and be coached by one of our experienced coaches. Players will receive a t-shirt uniform and shorts, USA Volleyball and SCVA registration, tournament fee, access to our skills clinics, and will practice in one of our local gyms.

The cost for this inaugural program will be $600 with $300 due at registration, $100 on January 5, $100 on February 5, and $100 on March 5.

Please fill out the registration form and join the Arroyo Family today. We are excited about being involved in your daughters educational experience.
